- Rencontrer et Saluer : Coalition Supérieure members can meet with each other and reconnect with former competitors.
- Réunion : This meeting will be to discuss the future of the Coalition Supérieure program and what members would like to see come out of the program.
- Casse-tête Supérieure : The Coalition Supérieure members will have the opportunity to compete in Casse-tête once again. Any alumnus can compete, regardless of previous classification. This means even if a member was ineligible to compete in Casse-tête when they were in high school because they were level COF, they may compete in this competition.

We hope you enjoy the first year of this new program!
